

QUICKBOOKS ERROR CODE 12157: INTERNET CONNECTIVITY ISSUE

QuickBooks uses API to run Internet protocols easily mainly FTP, HTTP, and Gopher. Therefore, QuickBooks Error 12157 usually takes place while either downloading or setting up updates with the software. As a result, these errors stop updates and restrict problems for the present version as future updates do not come to the system.

WHAT CAUSES QUICKBOOKS ERROR 12157?

QuickBooks Error 12157 may occur due to the following reasons:

- The setting of the Internet application can also cause this error to crop up while updating
- Restrictive settings of Firewall and internet security applications can also be the causes of this error.
- The system is affected by Malware and viruses.
- When you use an outdated version of QuickBooks

Methods to fix QuickBooks Error 12157

#1: VERIFY DATE AND TIME IN THE PC

- First of all, You need to Perform a right-click on the clock in the bottom right corner of the computer
- Next, Choose the Adjust Date/Time
- After that Select the Change date & time and then, enter today's date & time
- Next, Hit the OK key
- Now Close & reopen the QB

#2: FIREWALL APPLICATION CONFIGURATION

The settings of the QuickBooks Firewall and other third-party security applications sometimes restrict QuickBooks to update the software and payroll. It should authorize incoming and outgoing access via 10172 ports. You need internet access for the below files:

- QBDBMgrN.exe
- QBW32.exe
- QBGDSPlugin.exe
- FileManagement.exe

#3: ADVANCED SETTING

- Exit QuickBooks and then visit Internet Explorer.
- After opening proceed to the Tools tab in Menu Bar and then go to Internet options.
- Now choose the Advanced Tab.
- Choose the Restore Advanced Settings tab and exit the Window.

#4: VERIFY INTERNET CONNECTION SETTING

- First of all, Test the secure internet connection by opening the web page of Chase banking.
- You won't be allowed to update the QuickBooks if you are unable to open Chase banking. It is recommended for you to contact the Internet Service Provider (ISP) for support and Help
- If you can see the Chase banking page
